- Operate Horizontal Directional Drill for installation of underground conduit and fiber optic cable.
- Ensure safety of the public and other utilities underground facilities.
- Performs all duties according to prescribed safety procedures and uses appropriate safety equipment.
- Setup and cleanup of work site including traffic and pedestrian control.
- Read utility locates and coordinating day lighting of these facilities.
- Ensure all applicable permits and locates are complete and on site.
- Inspect the work that is in progress to ensure that the workmanship conforms to specifications.
- Operate construction equipment to facilitate alignment, movement, and adjustment of machinery to conform to grade specifications.
- Level earth to final grade specifications.
- Measure distances from grade stakes, lasers and GPS coordinates.
- Move and relocate RF and Fiber service.
- Vehicle and equipment operations from trucks to other equipment as directed and certified.
- Perform proper maintenance by greasing, oiling, and making minor repairs on equipment.
- Lead teams in the field effectively and efficiently as needed and directed by supervisor.
- Familiar with NESC (National Electrical Safety Commission) safety guidelines.

Desired Skills, Abilities and Qualifications:

- Minimum 3 years Horizontal Directional Drill experience in an urban environment.
- Valid Class A CDL.
- Clean driving record.
- Experience with different size Vermeer or Ditch Witch units preferred.
- Lift and carry up to 70 lbs.
- Ability to read and understand maps, drawings and diagrams for project build process.
- Practical working experience of underground construction for both RF and Fiber.
- City, County and State clearance code knowledge and related.

- Extensive knowledge of Network architecture and design for both RF and Fiber networks.

Benefits:

- Competitive wage
- Medical
- Prescription
- Vision
- Dental
- 401(k)
- Paid Time Off (PTO)
- Holidays
- Life Insurance/AD&D
